Guide to Ocean Literacy Programs available near West Vancouver

Composed by Pacific Science Enterprise Centre (PSEC)
DFO.PAC-PSEC-CSEP-Education.MPO@dfo-mpo.gc.ca

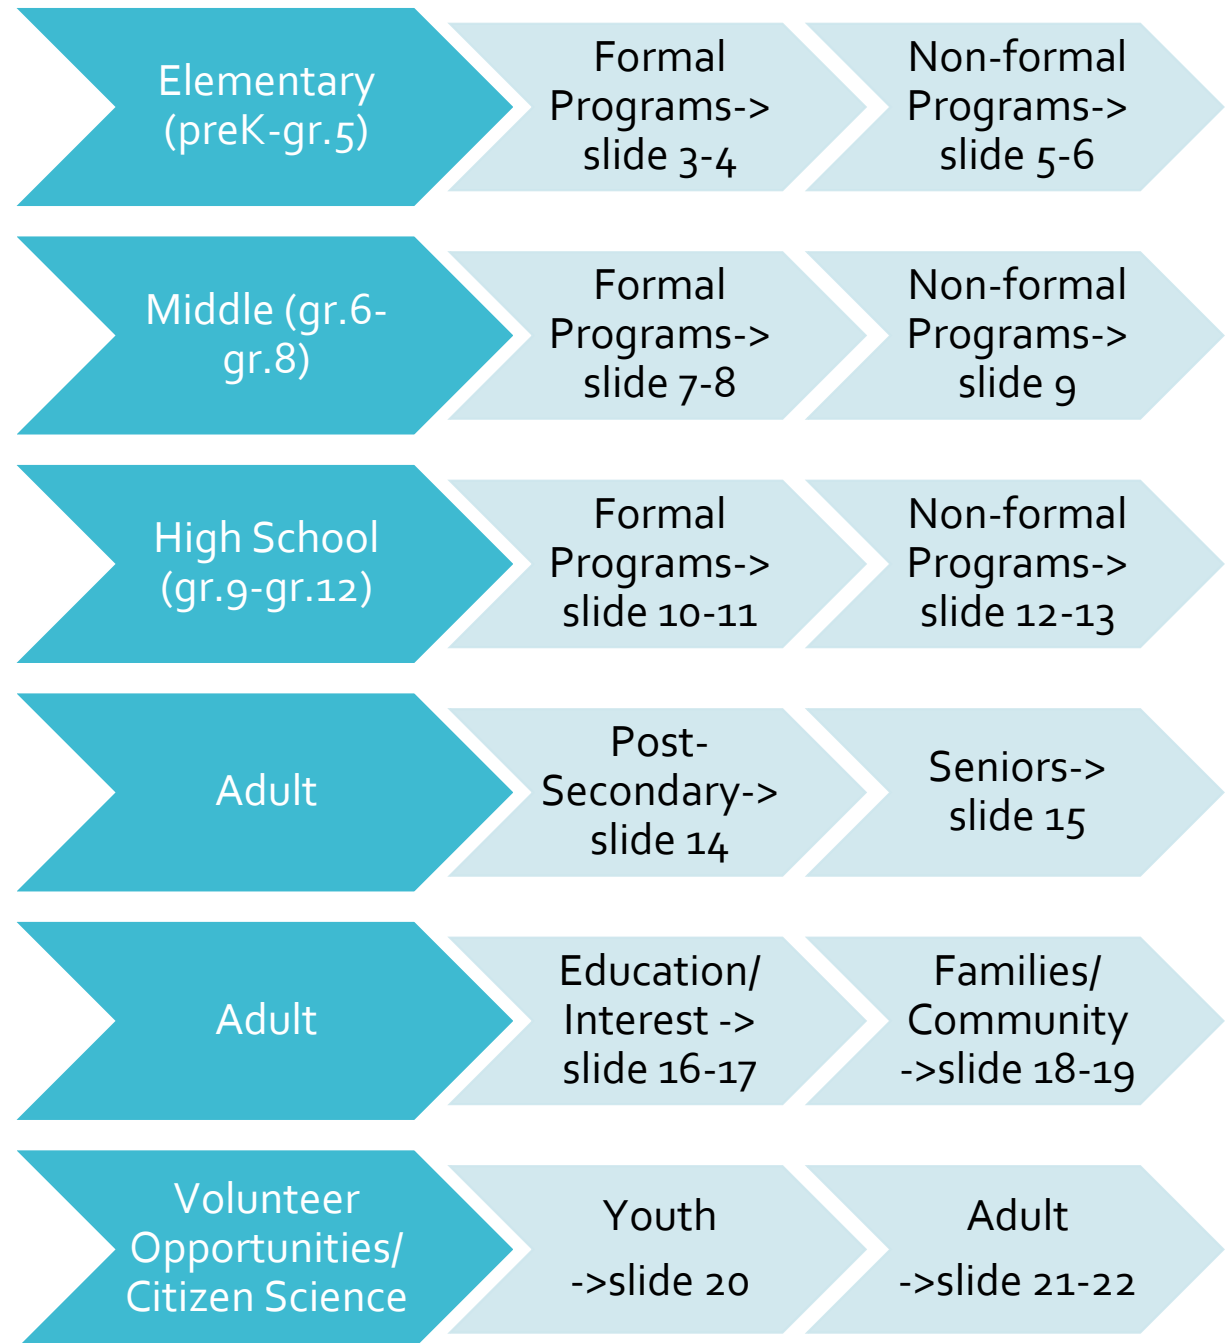

Age Groups

Formal=school or classroom

Non-formal= group or individuals

 = able to come to you

 = online resources

Elementary School Programs

Bowen Fish and Wildlife Club (BIFWC)

Fish in the Classroom (coho) supply eggs

Capilano Hatchery Tours

Hatchery tours: salmon lifecycle, hatchery activities, year round (busiest Sept-Nov)

Chapman Creek Hatchery (Sunshine Coast Salmonid Enhancement Society)

Fall Salmon viewing classes and groups, Water, wetlands and salmon science programs K-gr.7

Coho Society

Coho 'discovery day' workshops-full day art and science based workshops offered to gr.4-7, conservation, Salmonids in the Classroom

DFO (Fisheries and Oceans Canada) Community Advisors 

Storm Drain Painting: elementary-aged students, spring each year, Salmonids in the classroom, dissection and instruction workshops, stream to sea K-12 online resources

Lynn Canyon Ecology Centre 

Guided school programs preK-5 ex: Water, Water Everywhere, Storm Drain Painting, Nature museum, scavenger hunts

Metro Vancouver 

Seashore Sleuths/ Salmon Rainforest, preK-6 students, school year programs, field experience learning, facility tours, watershed field trips gr.4-5

North Shore Streamkeepers NSSK 

Salmonids in the Classroom, Stream to Sea Education Program, Storm Drain Marking Program, full day art and science based workshops offered to gr.4-7

North Vancouver School District (NVSD) 

Outdoor school at Cheakamus centre, outdoor education, hatchery program gr.3

Elementary School Programs

Ocean Wise

Multi-day learning journeys, year round, curriculum programs (K-12 programs at the aquarium), ecosystem connections at the shoreline, mobile programs- aquavan aquariums

Ocean Wise

National and international online learning, virtual fieldtrips, K-12: asynchronous programs, social learning programs

Ocean Ambassadors

Provide gr.2 and gr.5-8 students in the Lower Mainland with on-the-beach programs with Stand up Paddle Boarding (SUP), teaching about marine pollution and inspiring action

Pacific Science Enterprise Centre (PSEC)

On-site programs, In class programs, facility tours

Sea Smart

School Workshops: gr. K-12, Greater Vancouver, beach cleanup field trips; Online Resources: gr. K-12, free curriculum

Seymour Salmonid Society

Gently down the Stream: gr.2-6, full day experience, in spring – books out in hours, bus kids to Seymour hatchery for a day of 'science'. Gently up the Stream: same as 'down' but in the fall to meet demand, full day experiments

Squamish River Watershed Society(SRWS)

Offer a free outdoor/environmental education program, gr.2-6 beginning of May-hands-on interactive activities. online resources, K-2 field trips

Vancouver Outdoor School

School Field Studies: Nature & Locally Based K-12, Unique overnight school camps gr.3-12

West Vancouver Memorial Library

Learning programs for youth audience, preschool-high school: adopt-a-fish (with Streamkeepers)

West Vancouver Streamkeeper Society

Storm-drain painting. Creek Talk program

Elementary Non-Formal Programs

Bowen Fish and Wildlife Club (BIFWC)

Coho bon Voyage Event: public release of coho in local creek in May with Metro Vancouver parks

Chapman Creek Hatchery (Sunshine Coast Salmonid Enhancement Society)

Summer Camps-ages 7-11

DFO (Fisheries and Oceans Canada) Community Advisors

Storm Drain Painting, stream to sea online resources

Lynn Canyon Ecology Centre

Storm Drain Painting , Discovery Days, Birthday parties, family story time, Nature Kids, Nature museum, scavenger hunts, summer & spring mini-camps, Wildlife week spring break, theatre documentary shows

Metro Vancouver

Seashore Sleuths/ Salmon Rainforest preK-6 group program, facility tours

North Shore Streamkeepers NSSK

Storm Drain Marking Program, Workshops-full day art and science based workshops offered to gr.4-7

Elementary Non-Formal Programs

Ocean Ambassadors

Summer camps kids age 9-14 connecting people with ocean with Stand up Paddle Boarding (SUP)

Ocean Wise

Day camps ages 4-12, birthday parties, sleepovers, clubs, aqua tots, evening programs

Pacific Science Enterprise Centre (PSEC)

On-site programs, outreach programs, facility tours

Sea Smart

After School Programs: gr. 1-4, Metro Vancouver; Summer Camps: 6-13 years old, Vancouver beaches and Trout Lake Park, Marine Biologist In Training Camp for girls

Vancouver Outdoor School

Unique overnight school and group camps gr.3-12

West Vancouver Memorial Library

Learning programs for youth audience

West Vancouver Streamkeeper Society

Spawner Salmon Surveys: West Vancouver students, fall each year

Middle School Programs

Capilano Hatchery Tours

Hatchery tours: salmon lifecycle, hatchery activities, year round (busiest Sept-Nov)

Chapman Creek Hatchery (Sunshine Coast Salmonid Enhancement Society)

Fall Salmon viewing classes and groups, Water, wetlands and salmon science programs K-gr.7

Coho Society

Coho 'discovery day' workshops-full day art and science based workshops offered to gr.4-7, offered across the North shore. conservation, Salmonids in the Classroom

DFO (Fisheries and Oceans Canada) Community Advisors

Salmonids in the classroom, dissection and instruction workshops, stream to sea K-12 online resources

Lynn Canyon Ecology Centre

Guided school program- Stream Ecology, Storm drain painting, Nature museum, scavenger hunts

Metro Vancouver

Seashore Sleuths/ Salmon Rainforest, preK-6 students, school year programs, field experience learning, facility tours

North Shore Streamkeepers NSSK

Conduct stream walks for classrooms ad hoc, send speakers to classes, fry releases from Seymour salmonid society, full day art and science based workshops offered to gr.4-7

North Vancouver School District (NVSD)

Outdoor school at Cheakamus centre, outdoor education, hatchery program gr.6

Middle School Programs

Ocean Ambassadors

Provide gr.5-8 students in the Lower Mainland with inspiring educational experiences in our on-the-beach programs with Stand up Paddle Boarding (SUP), teaching about marine pollution and inspiring action

Ocean Wise

Multi-day learning journeys, year round, curriculum programs (K-12 programs at the aquarium): interactive wet labs, gallery exploration, ecosystem connections at the shoreline, mobile programs-aquavan aquariums

Ocean Wise

National and international online learning, virtual fieldtrips, K-12: asynchronous programs, social learning programs

Pacific Science Enterprise Centre (PSEC)

On-site programs, In class programs, facility tours

Sea Smart

School Workshops: gr. K-12, Greater Vancouver, beach cleanup field trips; Online Resources: gr. K-12, free curriculum

Seymour Salmonid Society

Gr.2-6 Gently down the Stream: 50 full day experience for classrooms of students, in spring –books out in hours, bus kids to Seymour hatchery for a day of 'science'. Gently up the Stream in the fall, 20 full day experiments

Squamish River Watershed Society(SRWS)

Offer a free outdoor/environmental education program for gr.2-6 in Squamish-beginning of May-hands-on interactive activities. online resources

Vancouver Outdoor School

School Field Studies: Nature & Locally Based K-12, Unique overnight school camps gr.3-12

West Vancouver Memorial Library

Learning programs for youth audience, preschool-high school: adopt-a-fish (with Streamkeepers)

Middle Non-Formal Programs

Chapman Creek Hatchery (Sunshine Coast Salmonid Enhancement Society)

Summer Camps-ages 7-11

Lynn Canyon Ecology Centre

Storm Drain Painting, Discovery Days, Birthday parties, family story time, Nature Kids, Nature museum, scavenger hunts, summer & spring mini-camps, Wildlife week spring break, theatre documentary shows

Metro Vancouver

Seashore Sleuths/ Salmon Rainforest preK-6 group program, facility tours

North Shore Streamkeepers NSSK

Send speakers to scouts/guides, fry releases from Seymour salmonid society

Ocean Ambassadors

Summer camps kids age 9-14 connecting people with ocean with Stand up Paddle Boarding (SUP)

Ocean Wise

Day camps ages 4-12, birthday parties, sleepovers, clubs, evening programs

Pacific Science Enterprise Centre (PSEC)

On-site programs, outreach programs, facility tours

Sea Smart

Summer Camps: 6-13 years old, Vancouver beaches and Trout Lake Park, Marine Biologist In Training Camp for girls

Vancouver Outdoor School

Unique overnight school and group camps gr.3-12

West Vancouver Memorial Library

Learning programs for youth audience

High School Programs

Capilano Hatchery tours

Hatchery tours: salmon lifecycle, hatchery activities. For classrooms K-post secondary -year round (busiest Sept-Nov), Work experience gr.9-12

Chapman Creek Hatchery (Sunshine Coast Salmonid Enhancement Society)

Volunteer program, Work Experience: summer camp counselors, hatchery help.

DFO (Fisheries and Oceans Canada) Community Advisors

Beachkeepers Volunteer Program: Stewardship program with DFO and volunteers. stream to sea K-12 online resources

Lynn Canyon Ecology Centre

Guided school programs- Investigating Streamlife, Storm drain painting, Nature museum, scavenger hunts

Marine Life Sanctuary Society/Ocean Quest Dive Centre

Marine Life 'touch & talks' at local beaches, creating awareness through guest speaking events open to public (divers & non-divers)

Metro Vancouver

Facility tours

North Vancouver School District (NVSD)

Outdoor school at Cheakamus centre, outdoor ed., hatchery program, Outdoor School Counsellor Leadership Program

High School Programs

Ocean Wise

Multi-day learning journeys, year round, K-12 programs at the aquarium: interactive wet labs, galleries, ecosystem connections at the shoreline, mobile programs-aquavan aquariums

Ocean Wise

National and international online learning, virtual fieldtrips, K-12: asynchronous programs, social learning programs

Pacific Science Enterprise Centre (PSEC)

On-site programs, In class programs, facility tours

Sea Smart

School Workshops: gr. K-12, Greater Vancouver, beach cleanup field trips

Squamish River Watershed Society (SRWS)

Offer a free outdoor/environmental education program for gr. 2-6 in Squamish-beginning of May-hands-on interactive activities. online resources

Vancouver Outdoor School

School Field Studies: Nature & Locally Based K-12, Unique overnight school camps gr. 3-12, Grad Retreats

West Vancouver School District

Environmental Science Academy at PSEC: School year, course credit=life sciences 11, 1pm every other day

West Vancouver Memorial Library

Learning programs for youth audience, preschool-high school: adopt-a-fish (with Streamkeepers), Environmental Science Academy presentations

West Vancouver Streamkeeper Society

Spawner Salmon Surveys: West Vancouver students, fall each year

High School Non-Formal Programs

Capilano Hatchery Tours

Hatchery tours: salmon lifecycle, hatchery activities, year round (busiest Sept-Nov)

Chapman Creek Hatchery (Sunshine Coast Salmonid Enhancement Society)

Volunteer program, Work Experience: summer camp counselors, hatchery help

DFO (Fisheries and Oceans Canada) Community Advisors

Beachkeepers Volunteer Program: Stewardship program with DFO and volunteers, summer, stream to sea online resources

Lynn Canyon Ecology Centre

Nature museum, scavenger hunts, guided group programs or self guided walk programs, theatre documentary shows

Marine Life Sanctuary Society/Ocean Quest Dive Centre

Marine Life 'touch & talks' at local beaches, creating awareness through guest speaking events open to public (divers & non-divers)

Metro Vancouver

Facility Tours, Youth Leadership program

High School Non-Formal Programs

Ocean Ambassadors

Summer camps kids age 9-14 connecting people with ocean with Stand up Paddle Boarding (SUP)

Ocean Quest Dive Centre/Marine Life Sanctuary Society

Citizen scientist community activities, marine awareness, beach and underwater clean-ups with divers for cleaner lakes and oceans, distinctive diver specialty program for Marine Life Sanctuary Society of BC

Ocean Wise

Training and online networks of youth and young professionals, e.g.. Ocean heroes network, work experience, volunteering, youth leadership

Pacific Science Enterprise Centre (PSEC)

Facility tours, volunteering

Vancouver Outdoor School

Unique overnight school and group camps gr.3-12, Grad Retreats.

West Vancouver Memorial Library

Learning programs for youth audience, preschool-high school: adopt-a-fish (with Streamkeepers), Environmental Science Academy presentations

West Vancouver Streamkeeper Society

Spawner Salmon Surveys: West Vancouver students, fall each year

Post-Secondary Programs

Canadian Network for Ocean Education (CaNOE)

Online educational resource library, membership-connect with other educators and scientists across Canada, volunteer board of directors, Canadian summer jobs

Canadian Ocean Literacy Coalition (COLC)

Regional Ocean Literacy (OL) mapping (Pacific), national OL mapping, network of networks, links to Ocean Literacy Resources

Lynn Canyon Ecology Centre

Guided programs, Self guided programs, Nature museum, Adult Speaker series, Citizen Science opportunities with environmental monitoring, stream cameras, measurements, Host international students, research projects and practicum teachers, volunteer opportunities

Capilano Hatchery tours

Hatchery tours: salmon lifecycle, hatchery activities. For classrooms K-post secondary -year round (busiest Sept-Nov)

Ocean Wise

BC curriculum and teacher professional-development workshops & webinars, educator resources, training online networks of young professionals, work experience, internships, Ocean Bridge-young professionals (18-30), Science Learning – 12 Months, 40/yr. Pacific Region

Pacific Science Enterprise Centre (PSEC)

Facility tours, student jobs

SFU Faculty of Education

Masters of Education in Ecological Education, Environmental Education intensive for Teacher professional development, engaged over this year on ocean literacy research as part of the Canadian Ocean Literacy Coalition (COLC)

SFU Faculty of Environment-Pacific Water Research Centre and the North Shore Rain Garden Project

Professional Programs & Partnership, Professional workshops and community engaged research, workshops available on-demand, any citizen interested in learning about rain gardens, Salmon Safe Certification, Fraser Basin council, Training and Certification for Developers

Squamish River Watershed Society (SRWS)

Post-secondary field trips, volunteer opportunities

West Vancouver Memorial Library

Public lectures for adult audience, author talks, volunteer opportunities, online resources

Programs for Seniors

Ocean Wise

Shoreline cleanup, volunteer opportunities, all ages volunteers, family volunteering, Vancouver Aquarium 365 days/yr. all ages

Pacific Science Enterprise Centre (PSEC)

Facility tours

SFU Faculty of Environment-Pacific Water Research Centre and the North Shore Rain Garden Project

Community engaged research, workshops available on-demand – regular community workshops, any citizen interested in learning about rain gardens, Salmon Safe Certification, Fraser Basin council

West Vancouver Memorial Library

Public lectures for adult audience, author talks, volunteer opportunities, online resources

Adult Education/ Interest

Canadian Network for Ocean Education (CaNOE)

Online educational resource library, membership-connect with other educators and scientists across Canada, volunteer board of directors

Canadian Ocean Literacy Coalition (COLC)

Regional Ocean Literacy (OL) mapping (Pacific), national OL mapping, network of networks, links to Ocean Literacy Resources

Coho Society

Coho Festival > one of the largest Environmental conservation festivals in North America, Coho Run, Coho Swim, volunteer opportunities

DFO (Fisheries and Oceans Canada) Community Advisors

Partnerships between DFO and local groups (e.g. Streamkeepers) Salmon Safe Certification, Fraser Basin council, Training and Certification for Developers, Forage fish sampling, Salish Sea nearshore habitat recovery project, volunteer opportunities

Lynn Canyon Ecology Centre

Guided programs, Self guided programs, Nature museum, Adult Speaker series, Citizen Science opportunities with environmental monitoring, stream cameras, measurements, volunteer opportunities

Marine Life Sanctuary Society/Ocean Quest Dive Centre

Beach Interpretation Program: Marine Life 'touch & talks' at local beaches, creating awareness through guest speaking events open to public (divers & non-divers), online learning tools, volunteer opportunities

Metro Vancouver

Workshops for Teachers, K-12 resources, Visitor Centres, Sustainability Education, facility tours, volunteer opportunities

Moonstone Enterprises, Sunshine Coast Friends of Forage Fish

Streamkeeper training, Wild BC Facilitation

North Shore Streamkeeper NSSK

Community workshops, running community Hatchery on Mackay creek, volunteer opportunities

Adult Education/ Interest

Ocean Quest Dive Centre/Marine Life Sanctuary Society

Distinctive diver specialty program for Marine Life Sanctuary Society of BC about Bio herm sponge reefs-protection-understanding for divers and non-divers

Ocean Wise

BC curriculum and teacher professional-development workshops and webinars, educator resources, Ocean Bridge-young professionals (18-30), Science Learning – 12 Months, 40/yr. in Pacific Region, Shoreline cleanup, internships, all ages volunteers, family volunteering

Pacific Science Enterprise Centre (PSEC)

Facility tours, volunteer opportunities

Sea Smart

Corporate programs (eg, beach cleanups, lunch and learns) for businesses, year-round, educating small business communities about single-use plastics & leading reduction initiatives; volunteer opportunities; Professional development for teachers

SFU Faculty of Education

Masters of Education in Ecological Education, Environmental Education intensive for Teacher professional development, engaged over this year on ocean literacy research as part of the Canadian Ocean Literacy Coalition (COLC)

SFU Faculty of Environment-Pacific Water Research Centre and the North Shore Rain Garden Project

Professional Programs & Partnership, Professional workshops and community engaged research, workshops available on-demand – regular community workshops, any citizen interested in learning about rain gardens, Salmon Safe Certification, Fraser Basin council, Training and Certification for Developers

Vancouver Outdoor School

Unique overnight group camps, professional development workshops and expeditions

West Vancouver Memorial Library

Public lectures for adult audience, author talks, volunteer opportunities, online resources

Families/ Community

Bowen Island Fish & Wildlife Club (BIFWC)

Community events-Coho bon Voyage: public release of Coho in local creek in May

Capilano Hatchery Tours

Potential for Science experiments,(Scientists on site), Hatchery Tours – Salmon lifecycle, wild/hatchery interaction, Interviews – TV-science students, fish hatchery interpretive centre

Chapman Creek Hatchery (Sunshine Coast Salmonid Enhancement Society)

Hatchery tours, community events

Coho Society

Coho Festival > one of the largest Environmental conservation festivals in North America, Coho Run, Coho Swim

Lynn Canyon Ecology Centre

Family workshops, Guided programs, Self guided programs, Nature museum, scavenger hunts, family story time, theatre documentary shows

Marine Life Sanctuary Society/Ocean Quest Dive Centre

Beach Interpretation Program: Marine Life 'touch & talks' at local beaches, creating awareness through guest speaking events open to public (divers & non-divers), 3D video documentary on glass sponge reefs in Howe Sound-Global audience – filmed by NatGeo, online learning tools

Metro Vancouver

Seashore Sleuths – group program, May-Aug, Acadia, Boundary Bay, & Belcarra, Coho Commotion (event) Public, October, Coho Bon voyage with BIFWC, June, Goodbye Chum (event) [Kanaka Creek] for public spring April, Return of the Salmon (program) Public drop-in program, Fall, Kanaka Creek, Visitor Centres, Sustainability Education, facility tours

North Shore Save our Shores

Public 'shore walk' from Cates Park to Deep Cove, once per year in June, 300 people

Families/ Community

Ocean Ambassadors

Community events

Ocean Quest Dive Centre/Marine Life Sanctuary Society

Community activities, marine awareness

Ocean Wise

Shoreline cleanup, family volunteering, sleepovers, naturalists on BC ferries, Vancouver Aquarium 365 days/yr. all ages

Seymour Salmonid Society

Educational events, ongoing ad hoc tours to hatchery visitors, annual open house, annual family fish me day

Sea Smart

Public Engagement events: year-round

SFU Faculty of Environment-Pacific Water Research Centre and the North Shore Rain Garden Project

Regular community workshops, any citizen interested in learning about rain gardens

Vancouver Outdoor School

Unique overnight group camps and expeditions

West Vancouver Memorial Library

Public lectures for adult audience, author talks, community events

West Vancouver Streamkeeper Society

Adopt-a-Fish (in mid-to-late April), Bridge Festival (first Saturday in June) and the Coho Festival (second Sunday in September)

Youth Volunteer Opportunities/ Citizen Science

Chapman Creek Hatchery (Sunshine Coast Salmonid Enhancement Society)

Streamkeeper citizen science: SSNHR Program, Forage fish sampling, volunteer opportunities

Lynn Canyon Ecology Centre

Citizen Science opportunities with environmental monitoring, stream cameras, measurements, encourage ESL students, volunteer opportunities

Metro Vancouver

Youth Leadership program, Visitor Centres, Sustainability Education, volunteer opportunities

Ocean Wise

Work experience, internships, Shoreline cleanup, all ages volunteers, family volunteering

Pacific Science Enterprise Centre (PSEC)

Volunteer opportunities

Sea Smart

Volunteer opportunities

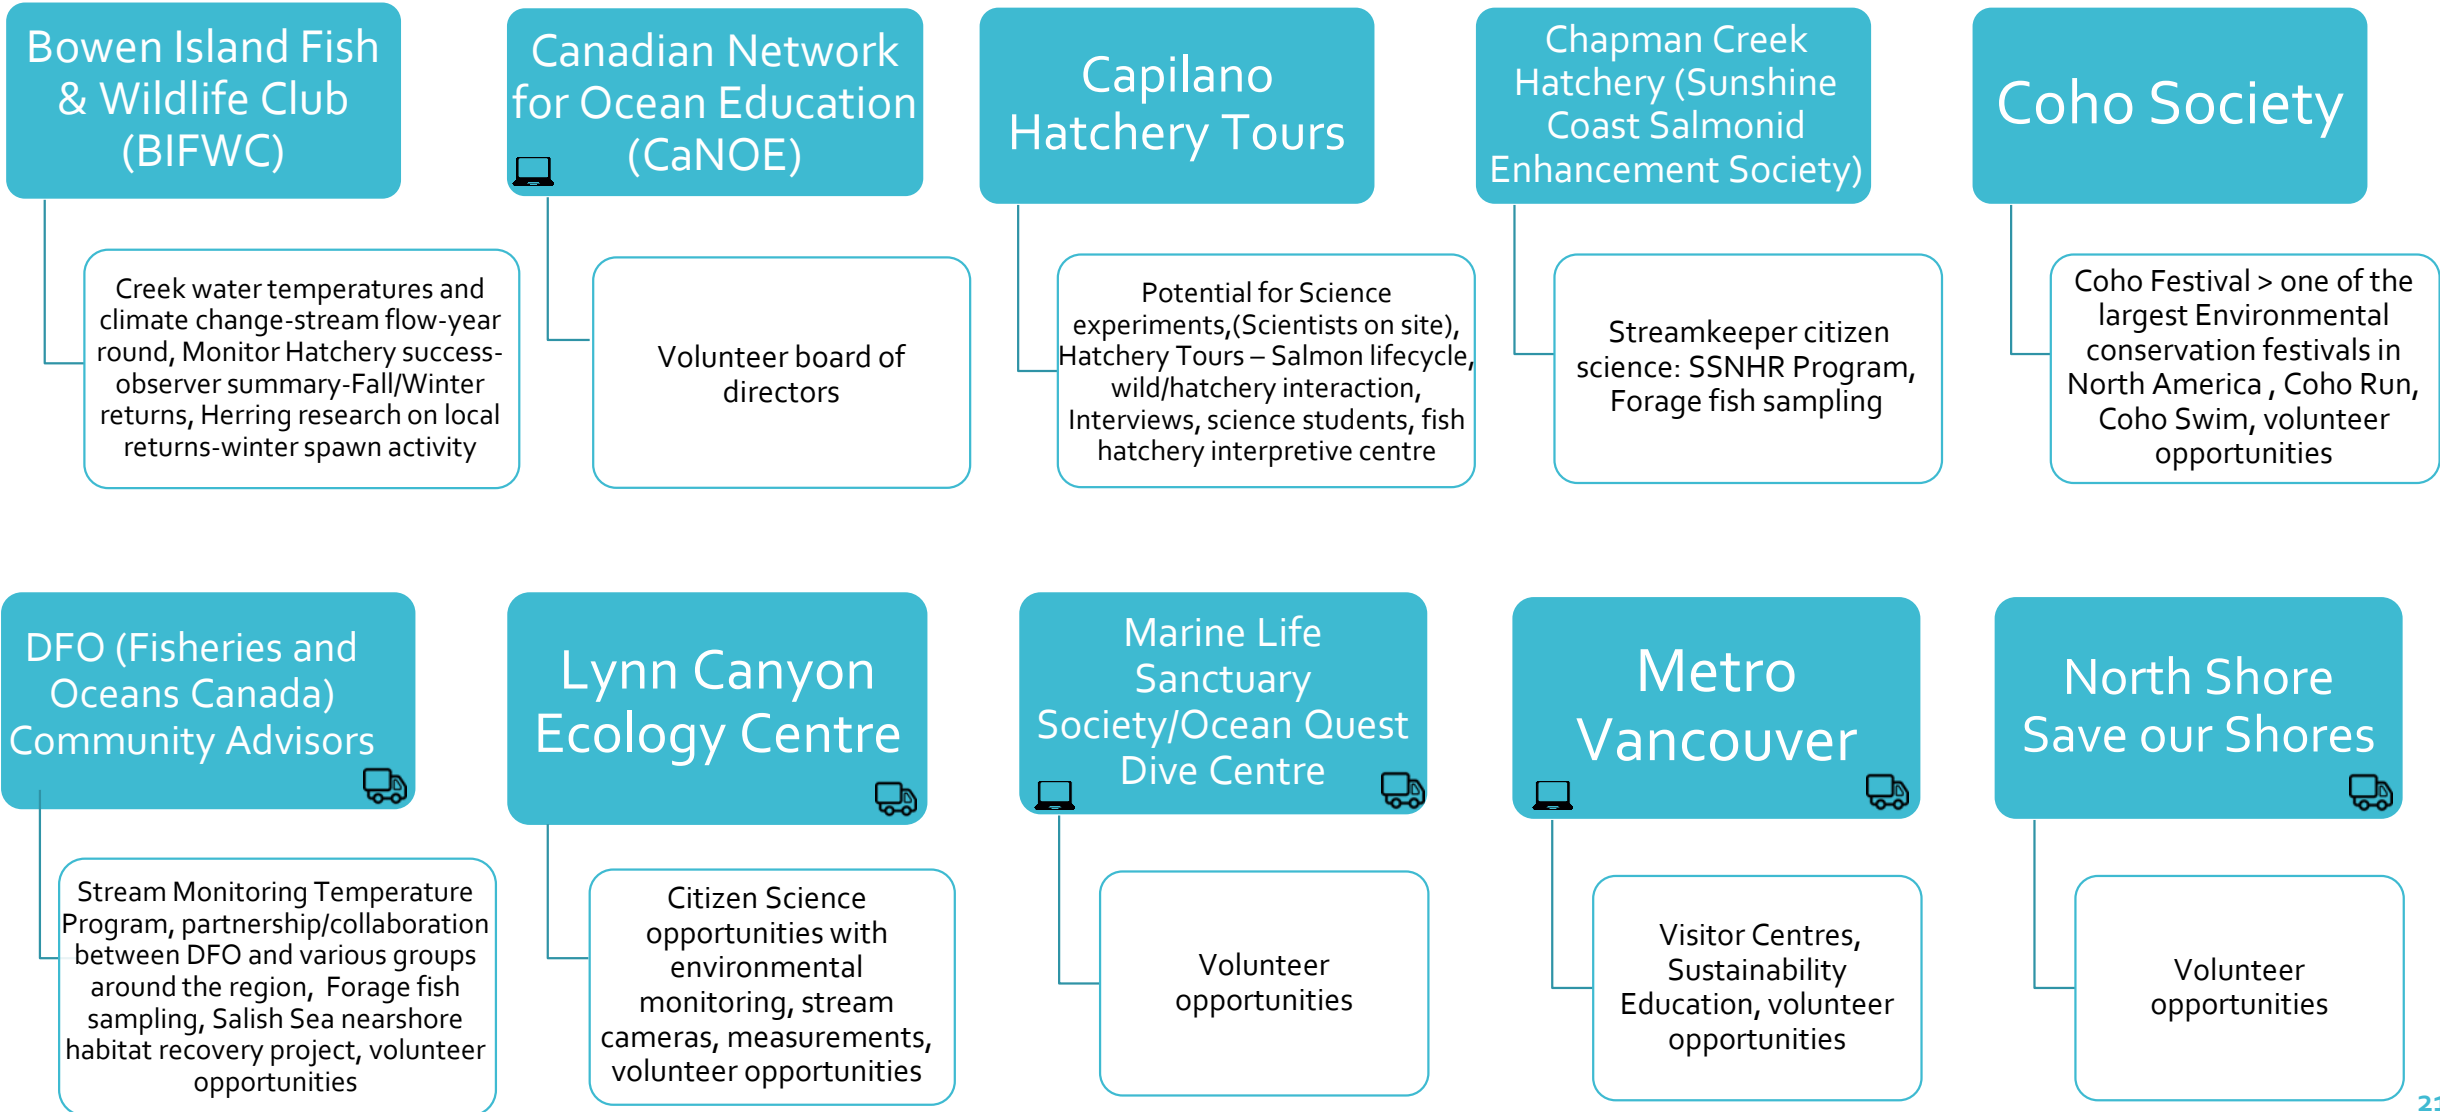

West Vancouver Memorial Library

Volunteer opportunities

West Vancouver Streamkeeper Society

Water quality: pH, turbidity & dissolved oxygen-two events per year-Jan and August, Emerging fry surveys-spring, 16 key creeks, Temperature logging-9 creeks & 2 logger/creek-year round, Invasive Plant identification and mapping 22 creeks & tributaries-twice a year-May/Oct

Adult Volunteer Opportunities/ Citizen Science

Adult Volunteer Opportunities/ Citizen Science

Ocean Ambassadors 

Volunteer opportunities

Ocean Quest Dive Centre/Marine Life Sanctuary Society 

Citizen scientist community activities, marine awareness, beach and underwater clean-ups with divers for cleaner lakes and oceans

Ocean Wise 

Shoreline cleanup, internships, all ages volunteers, family volunteering

Pacific Science Enterprise Centre (PSEC) 

Volunteer opportunities

Sea Smart 

Volunteer opportunities

Seymour Salmonid Society 

Educational events, volunteer opportunities

SFU Faculty of Education 

Ecological Education research, engaged over this year on ocean literacy research

Squamish River Watershed Society (SRWS) 

Volunteer opportunities

West Vancouver Memorial Library 

Volunteer opportunities

West Vancouver Streamkeeper Society 

Water quality: pH, turbidity & dissolved oxygen-two events per year, Emerging fry surveys, 16 key creeks, Temperature logging-9 creeks & 2 logger/creek-year round, Invasive Plant identification and mapping 22 creeks & tributaries-twice a year
